diptyque fragrances are imprinted with a distinctive and particular olfactory signature. Made from the finest raw materials, motivated by the desire for an unexpected harmony, the creations express themselves in unusual ways to delight loyal and initiated fans and enlightened novices.

In a quest for beauty without extravagance, with constant attention to detail, the House celebrates an idea of ultimate luxury, for oneself and without compromise, which is felt intuitively. The particular aura of a fragrance is an intimate experience, designed to evoke emotions.

diptyque is a mysterious, yet strangely familiar world. The geographic, oval logo or sketches that tell of the inspiration draw an engaging and unique picture.

Disconnected from trends, free from prejudices, liberated from time constraints, the atypical, timeless and noble fragrances do not erase personality, but subtly reveal it.

All of the fragrances have a delicate simplicity. Drawn from the earth, proudly authentic, they proclaim their naturalness with sincerity. And this refined simplicity inspires extraordinary and unusual stories.

THE HOTELIER COLLECTION

Inspired by ancestral rites and rare raw materials from diverse towns, the diptyque Hotelier Collection invites you on a sensual, luxurious and elegant journey from the Mediterranean to the gates of the East. The sensorial experience is always unique.

The haircare and cleansing gel fragrance provides a refreshing zing of freshly pressed citrus notes. The body lotion and soap capture the bright scent of orange blossoms, like a morning breeze on the bay of Alexandria awakened by the legendary Mediterranean flower.

Lavish your body and hair with the diptyque paris Hotelier Collection.
